WORK EXPERIENCE

MERN Stack Developer Trainee **Zorg IT Group**

December 2021 to Present

Now I'm working at this company as a MERN Stack Developer trainee. Here I and other members of our team have collaboratively completed multiple projects. Also now we are working on an e-commerce website. Basically, now I'm responsible for handling the front-end part of a project.

Front End Developer **Techneous**

Jun 2021 to November 2021

I was responsible for handling the UI part of a project at the company. And as long as I was an employee of the company I did my job perfectly.

EDUCATIONAL BACKGROUND

Darul Uloom Moinul Islam
Chattogram, Bangladesh
Masters in Islamic Studies
2019

Programming Hero online Institute of Technology
Complete web development course
2020

PROFESSIONAL SUMMARY

I Want to build up a career in such a field that ensures the best use of my knowledge, potentiality, efficiency, and creativity. And also want to work in an environment where there is an opportunity for self-assessment and improvement both in individual and group-based work.
